

AWall - Bug #8874

Awall fails to read YAML files

05/11/2018 07:24 AM - Gareth Williams

Status:	New	Start date:	05/11/2018
Priority:	Normal	Due date:

Target version:			
Description			
Creating a filter in YAML fails, complaining of not being able to find various 'lyaml' files.			
<pre>/usr/local/share/lua/5.2/awall/policy.lua:128: module 'lyaml' not found: no field package.preload['lyaml'] no file '/usr/local/share/lua/5.2/lyaml.lua' no file '/usr/local/share/lua/5.2/lyaml/init.lua' no file '/usr/share/lua/5.2/lyaml.lua' no file '/usr/share/lua/5.2/lyaml/init.lua' no file '/usr/local/lib/lua/5.2/lyaml.lua' no file '/usr/local/lib/lua/5.2/lyaml/init.lua' no file './lyaml.lua' no file '/usr/lib/lua/5.2/lyaml.lua' no file '/usr/lib/lua/5.2/lyaml/init.lua' no file './lyaml.lua' no file '/usr/local/lib/lua/5.2/lyaml.so' no file '/usr/local/lib/lua/5.2/loadall.so' no file '/usr/lib/lua/5.2/lyaml.so' no file '/usr/lib/lua/5.2/loadall.so' no file './lyaml.so' stack traceback: /usr/local/share/lua/5.2/awall/uerror.lua:25: in function </usr/local/share/lua/5.2/awall/uerror.lua:21> [C]: in function 'require' /usr/local/share/lua/5.2/awall/policy.lua:128: in function 'init' /usr/local/share/lua/5.2/awall/class.lua:31: in function </usr/local/share/lua/5.2/awall/class.lua:29> (...tail calls...) /usr/sbin/awall:163: in function 'f' /usr/local/share/lua/5.2/awall/uerror.lua:20: in function </usr/local/share/lua/5.2/awall/uerror.lua:20> [C]: in function 'xpcall' /usr/local/share/lua/5.2/awall/uerror.lua:19: in function 'call' /usr/sbin/awall:156: in main chunk [C]: in ?</pre>			

History

#1 - 05/11/2018 07:24 AM - Gareth Williams

The 'lyaml' module is referenced in line 116 of /usr/share/lua/5.2/awall/policy.lua

Changing this to 'yaml' works and Awall now accepts YAML config files.
