

Alpine Infrastructure - Bug #9330

Python3 packages missing in repository (but existent in the index)

08/23/2018 06:14 AM - Janosch Maier

Status:	Closed	Start date:	08/23/2018
Priority:	High	Due date:	
Assignee:	Carlo Landmeter	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
Since yesterday, the python3-3.5.6-r0 [1] and python3-dev-3.5.6-r0 [2] are missing in the package repository. The packages appear with this version numbers in the package index but do not exist on the download server.			
[1] http://dl-cdn.alpinelinux.org/alpine/v3.5/main/x86_64/python3-3.5.6-r0.apk			
[2] http://dl-cdn.alpinelinux.org/alpine/v3.5/main/x86_64/python3-dev-3.5.6-r0.apk			

History

#1 - 08/23/2018 09:56 AM - Natanael Copa

- Project changed from Alpine Linux to Alpine Infrastructure
- Category deleted (Package update)
- Priority changed from Normal to High
- Affected versions deleted (3.5.3)

I can reproduce.

The file is on dl-master so this is an issue for infra team.

#2 - 08/23/2018 09:56 AM - Natanael Copa

- Assignee set to Carlo Landmeter

#3 - 08/23/2018 10:18 AM - Natanael Copa

- Status changed from New to Resolved
- % Done changed from 0 to 100

I believe this is resolved now.

Thanks for reporting it!

#4 - 08/23/2018 11:01 AM - Janosch Maier

Unfortunately, it is not yet resolved. The python3 package is existing, but the python3-dev package is still missing.

Cheers,
Janosch

#5 - 08/24/2018 11:19 AM - Natanael Copa

Should work now. this was the fix:

```
$ curl -X PURGE http://dl-cdn.alpinelinux.org/alpine/v3.5/main/x86_64/python3-dev-3.5.6-r0.apk
```

#6 - 08/24/2018 11:35 AM - Janosch Maier

Thanks. I can confirm that it works.
