

Alpine Linux - Bug #9387

Kodi: scratchy audio (fix included)

09/04/2018 05:31 PM - Matthew Hoare

Status:	Closed	Start date:	09/04/2018
Priority:	Normal	Due date:	
Assignee:		% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:	3.8.1	Security IDs:	
Affected versions:	3.8.1		

Description

Steps to reproduce

Play any h.264 stream in Kodi.

Expected behavior

Clear sound with no distortion.

What actually happened

The sound was distorted and "scratchy" in nature.

Patch?

I found this Debian bug report:

<https://bugs.debian.org/cgi-bin/bugreport.cgi?bug=881536>

I compiled the suggested libshim.so and it corrects the audio problems if LD_PRELOAD is used.
