

Alpine Linux - Bug #9834

Bug # 9832 (Closed): py-django: Content spoofing via URL path in default 404 page (CVE-2019-3498)

[3.8] py-django: Content spoofing via URL path in default 404 page (CVE-2019-3498)

01/09/2019 07:34 AM - Alichia CH

Status: Closed	Start date: 01/09/2019
Priority: Normal	Due date:
Assignee: Natanael Copa	% Done: 100%
Category: Security	Estimated time: 0.00 hour
Target version: 3.8.2	Security IDs: CVE-2019-3498
Affected versions:	
Description Django before versions 1.11.18, 2.0.10 and 2.1.5 is vulnerable to content spoofing via crafted URL in the default 404 page. An attacker could craft a malicious URL that could make spoofed content appear on the default page generated by the <code>django.views.defaults.page_not_found()</code> view.	
Fixed In Version: python-django 1.11.18, python-django 2.0.10, python-django 2.1.5
